

Quick Links Portlet

1. Overview

The **Quick Links** portlet displays a number of useful links to issues associated with the current user. Each link directs the user to the Issue Navigator, displaying the relevant issues. The portlet provides links to:

- Reported Issues - all issues reported by the current user
- Voted Issues - all issues voted for by the current user
- Watched Issues - all issues watched by the current user

2. What does it look like?

The **Quick Links** portlet should appear as follows on the dashboard:

[Reported Issues](#) | [Watches](#) | [Votes](#)
