

Watched Issues Portlet

1. Overview

The **Watched Issues** portlet shows issues which you are [watching](#).

2. Adding Portlet to Dashboard

1. Navigate to the [dashboard configuration](#) page.
2. Select the '**Watched Issues**' portlet.
3. Click the 'Add' button (located at the bottom of the screen).
4. The '**Edit Portlet**' screen will be displayed:

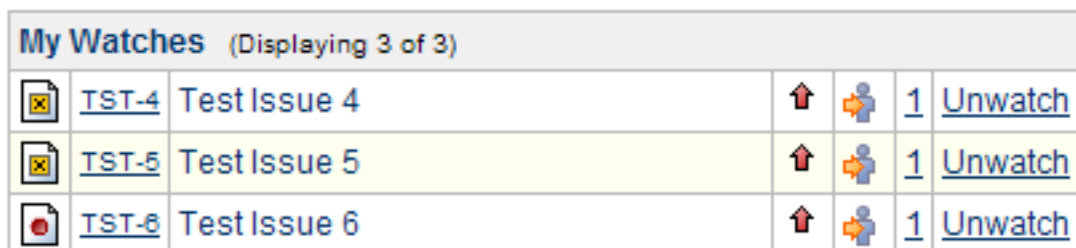

Watched Issues Portlet Form

5. In the '**Show total watches**' field, select '**Yes**' if you wish the portlet to display the number of people who are watching each issue.
6. In the '**Number of issues**' field, specify the maximum number of issues you wish the portlet to display.
7. Click the '**Save**' button.
8. The portlet will be added to the bottom left of your dashboard. You can reposition it as described in [Configuring the Dashboard](#).

3. Dashboard Display

The **Watched Issues** portlet should appear as follows on the dashboard:

My Watches (Displaying 3 of 3)						
	TST-4	Test Issue 4			1	Unwatch
	TST-5	Test Issue 5			1	Unwatch
	TST-6	Test Issue 6			1	Unwatch

Watched Issues Portlet on Dashboard

Further information on all JIRA portlets is available [here](#).
