AUSTRALIA

To Whom It May Concern,

Letter of Assessment

From 15th April 2019 to 18th April 2019, pursuant to our agreement with Atlassian Pty Ltd, elttam conducted an architecture and design review of Atlassian’s Hashicorp Vault solution.

elttam’s approach to this time-boxed assessment was highly collaborative. The engagement commenced with a detailed briefing and walk-through by Atlassian of the solution to obtain an understanding of the project and its threat model. The assessors then conducted a security review of the architecture, code/configuration of the vault solution.

elttam evaluated the Hashicorp solution as part of Atlassian’s Bamboo CI/CD infrastructure.

elttam is a boutique IT security consulting firm providing services to the Fortune 500, global financial institutions, leading technology companies, Australian Federal Government, and up and coming technology start-ups. We pride ourselves on providing high-quality technical expertise in the areas of security assessments and training services.

Sincerely,

Nina Rodgers
Operations Manager
