To Whom It May Concern,

Letter of Assessment

From 7th October 2020 to 19th October 2020, pursuant to our agreement with Atlassian Pty Ltd, elttam conducted a review of the Confluence page external share feature.

The engagement commenced with a kick-off meeting to confirm access and project scope and a walk through of the product. The assessment was performed by one consultant over the assessment period. The assessment of the feature was driven by a threat scenario focussed approach which prioritised dynamic testing and code review. The engagement was wrapped up with a close-down meeting and a report was issued to Atlassian.

elttam is an independent security company providing research-driven security assessment services to the Fortune 500, global financial institutions, leading technology companies, Australian Federal Government and up and coming technology start-ups.
